• pixeldoc@andysframe.com • www.AndysFrame.com

Services Offered:

Cost: \$75.00 per hr., plus mileage and expenses

Photo-retouching prices vary according to nature of assignment - \$50.00 minimum

Personalized Portraiture

This is a unique portrait session. Each portrait is defined by the individual and the personal portrait image you are seeking to express. These sessions are conducted at your home or in a setting of your choosing in which you feel most comfortable. A portrait sitting may last 30 minutes or less. It may also last an hour or more. The portrait session ends when your inner self is expressed.

Photo-Journalism

Do you have an event, sports event, or other news worthy activity you need covered? With almost 20 years of experience as a photo-journalist many different kinds of events have been covered and published by various newspapers in the state of Arizona. From tragic accidents, to major forest fires, politicians of every stripe and heart-warming stories have been on this beat.

Commercial and Industrial

Photography of table top set ups from highly reflective metal objects to orthopedic shoes, to manufacturing facilities, to photographing from an airplane are only a few of the many diverse situations encountered by Photographic WaterColors. Working in an industrial environment is an area where Photographic WaterColors is well versed; having spent several years on location shooting the innards of various manufacturing processes and procedures.

Sports and Event Photography

Earning many awards for sports photography, the reputation of Photographic WaterColors has grown. Whatever your sporting event, it has probably been covered by Photographic WaterColors; from swim meets to flying disc tournaments to tri-athlons to golf tournaments. Event photography is also a speciality; Gem shows, Arts & Crafts festivals, Native American Pow-Wows, quilting exhibits and the famous Marine birthday celebration have been photographed with applause from the organizers and with many thanks for the excellent coverage.

Photo-Retouching & Restoration

This service generally encompasses the fixing of damaged, worn, and/or faded photographs. Retouching photographs is also in this category and usually involves the manipulation of the photo in some form. That is; a background is changed, a person is removed or added or something is fixed on a person or people in the photograph.
